LEGAL OPINIONS.

Gen. Clarke, a leading attorney of this State after examining the law in the Printing contract case, told the Board that the contract was null and void, as it had not been advertised as the law directed for 30 days in a daily newspaper. Six years' ago this same question came up before the Grand Jury in the case of letting contracts to Dr. Lee as county Physicians and Hon. H. F. Bartine delivered a written opinion that a refusal of the Board to comply with the law rended the contract void.

The Grand Jury recomended the Board to advertise the contracts and let to the lowest bidder as the law directs. The Board ignored the recomendation of the Grand Jury.

William Woodburn, also one of the leading lawyers of the State, fully endorsed the views of Gen. Clarke and Berry and Crape Baskets Congressmen Bartine. As against these emment legal authorities comes Tremmore Coffin with what he knows to be a legal lie, that the Board is not bound to accept the lowest bid, and Sardis Summerfield -his pupil-gave the Board the same advice. Coffin is on the News note, and Summerfield's knowledge of the law is like the stock of the London and San Francisco Bank,

The law is so plain that a school boy can easily interprat it.

Gen. Clarke said to the Board that by their official oaths they are bound to obey the law.

Messrs, Martin and Bray, however, appear to consider themselves so long in office that they are above the law, and Mr. Martin at the same time is a candidate for the highest law enforcing office in the countythat of Sheriff.

THE STATE ABOVE PARTY.

Every Democratic paper in the State is supporting the Third Party electoral ticket. That's natural enough. "Anything to beat Harrison." Gazette.

The above is a fair sample of the arguments advanced by the Gazette. It might have added that a majority of the Republican papers are supporting the silver movement. It is because they regard the State above the party. An editor who would not rather see ten thousand hardy miners working in Nevada at \$4 a day than see a few of his personal friends hold office, is unfit to edit a newspaper in this State, because his mental horizon is too limited to know anything of this rule which believes in the greatest good to the greatest number. Suppose Harrison is beaten. Well what of it. That would be no great calumity. It would merely teach the Republican party to put a silver man up next time. This old idea that the party must be held up even if the community goes to the devil, has kept a good many localities poor. The APPEAL is for the interest of the State of Nevada first. After which the various parties can take care of themselves.

Do not assert that the labor troubles are non-political. It is the rotten condition of politics that has brought it about and renderd it possible for Pinkerton's cutthroats to raid American workingmen with impunity. - Denver News,
